30<sup>th</sup> September 2019

Dear Cheltenham Dart League members,

I write to thank you and acknowledge receipt of your gift of £1000.00 to Headway that was donated from your players' collections.

Headway Gloucestershire was established to respond to the needs of acquired brain injury survivors, their families and carers in Gloucestershire. We provide long term therapeutic care in the years following a brain injury by providing the following services:

- **Specialist Day re-enablement service**

Where people can meet others who have experienced similar problems while introducing structure and learning opportunities to help individuals achieve their goals and maximise their independence.

- **Individual Support**

Our individual support advisers will provide support to anyone in Gloucestershire who has had an acquired brain injury. This may include working closely with their family, friends, employers, colleagues and carers.

- **Social and Support Groups**

We facilitate a range of meetings and support groups to enable individuals with acquired brain injury, their families and carers to meet new people, share experiences, support one another and learn more about brain injury.

Your support means a lot to us; it's helping us to work closely with Gloucestershire's survivors of acquired brain injury as they adapt to unwelcome change and work hard on their recovery.

Yours sincerely

P.P 

Alison Hendley  
CEO
